**Subject:** EPA Reg. No. 86182-L renegotiation request

Hi Rachel,

We are still waiting for the chemistry and acute toxicity reviews for the EPA Reg. #86182-L "me-too" product registration submission. Given that CITAB has not scheduled for these reviews to be completed until after January 2020, the Agency is requesting a renegotiation. We need a request from the registrant in order to renegotiate a PRIA date. This request must include the following:

Product name: STK-20

EPA Reg #: 86182-L

Decision #: 550252

Current PRIA date: January 31, 2020

Proposed Renegotiated PRIA date: \_\_\_\_\_ (I suggest April 30, 2020 as a practical, 90-day renegotiation, due date; however, as the registrant, you must determine what you'll propose)

Please let me know if you have any questions. We appreciate your understanding. Thank you.

Cheers,  
Kathryn
